

THE OTHER SIDE of Inconvenience

The follow up program to the highly
successful **TAG You're It!**

JUST
MOTIVATION

Since its inception in 2012, TAG You're It! has been seen by over 50,000 teenagers.

Hundreds of communities across the country have been impacted as teenagers have begun changing the world through Thankfulness and Generosity.

Launching February 2017, Presenter Az Hamilton is back with the much anticipated follow up program "The Other Side of Inconvenience".

Over the last five years, the core messages of Thankfulness and Generosity have hit a nerve with young people across the nation, inspiring them to use whatever is in their hand to make a difference in the world. The stories shared on social media (@tagyiproject) have been truly amazing to witness as young people have engaged with The World's Largest Game of TAG You're It!

The follow up program will unpack an important question for so many teenagers about living a generous life...

**Why should I do something that
is so inconvenient?**

— The Seminar —

During this engaging one hour seminar, Az's captivating storytelling will inspire your students to cross to the other side of inconvenience and seek out opportunities to make a difference in the lives of others.

The seminar will teach your students to:

- See inconvenient circumstances as opportunities not obstacles
- Say “yes” to things outside their comfort zone
- Find their cause
- Live a generous life
- Achieve success by making the right choices over a long period of time
- Get off the bench and into the game
- Begin writing their life story with passion and purpose
- Take part in the World's Largest Game of TAG You're It!

“We were lucky enough to have Az Hamilton present his “TAG You're It!” message promoting thankfulness and generosity. The students were totally enthralled as Az entertained with his life stories of witnessing world poverty, delivered perfectly at the students level.”

Chris Kern, Principal, Coombabah State High School

“The message of the TAG program is refreshing, positive and empowering. Encouraging our youth to look past the negative stereotypes often levelled at their generation and promoting a vision of seeking to make the world a better place for those around them, starting with their immediate community, is a powerful initiative.”

Eliot Sanger, Head of Senior School, Emmanuel College

“Az engaged our students and challenged them to be thankful...He motivated them to look beyond themselves and consider how they can make a difference in the world. As a school we are constantly trying to promote a culture of kindness and generosity towards others and this program compliments this goal perfectly.”

**Tiffany Grant, Head of Student Services,
Miami State High School**
